

Botany Library

The Departmental Library of the Botany Department at Rajiv Gandhi Government College, Chaura Maidan, is a facility designed to cater to the academic needs of students and faculty in the field of Plant Sciences. In addition to main college library, this library contains 200 books including multiple copies of various courses of botany, foreign author books, practical books which are issued to students on daily and weekly basis.

The library boasts an extensive collection of classical and contemporary texts on plant sciences, including morphology, taxonomy, physiology, genetics, ecology, and economic botany. It also houses specialized material on emerging fields like biotechnology, bioinformatics, genomics, and plant breeding, ensuring students have access to the latest advancements in these areas. High-speed internet access and computer terminals are available, enabling users to explore global databases and academic platforms. It plays a vital role in supporting the academic curriculum and skill-based courses offered by the department, empowering students with knowledge and resources to excel in their studies and skills.
